A Hero's journey for two in the LifeChanger Caravan

Here's a once in a lifetime opportunity to take your son or daughter away for a hero's journey. Two people will hit the road for a week in the brand new state of the art LifeChanger Crusader caravan with an indoor/outdoor shower, stereo system and more.

Connect with each other and along the way enjoy a visit from one of LifeChanger's ambassadors - fancy a surfing session with Australian Ironman Trevor Hendy, a **campfire cook off with MasterChef Hayden Quinn**, an **AFL session with Mason Cox** or a basketball session with Australian Opal Alice Konek? Choose one of those visits and experiences during this spectacularly fun week away.

This incredible once in a lifetime journey could be yours...how long since you've been on a **hero's journey?!**

Exclusive Opportunity for two at the **Kelly Slater Surf Ranch in Florida**

National Geographic remarked that “a wave like this will change the future of surfing”.

Get ready to embark on a highly technical and scientific ride across the magnificent world of man-made waves! At the Kelly Slater Surf Ranch in California, widely regarded as the best artificial wave pool in the world, this first wave of its kind is a six foot barrelling wave that travels over 2,300 feet and yields up to one minute rides. The wave can be controlled to allow an experience for surfers at all skill levels. **This is an exclusive opportunity that only few people in the world will ever enjoy**, and that Slater dreamt about his whole life before making it happen!
